

Why Choose Camino Import Auto

Written by Camino Import

We know that you have choices when it comes to the maintenance and repair of your import automobile. Here are a few reasons you should choose Camino Import Auto Service when it comes to the care of your Mercedes Benz, BMW or Volvo.

- We use only the most up-to-date diagnostic equipment.
- We operate by business ethics that are unsurpassed.
- Friendly, professional people to help you make intelligent decisions about your vehicle.
- Full service shop staffed by specialists in all phases of vehicle service and repair.
- We have the newest technology in the automobile industry to help you get back on the road.
- Conveniently located in South Orange County in San Juan Capistrano.
- We are factory trained Master technicians, with over 50 years of combined experience.
- We use factory diagnostic tools and we can solve any problem, make any repair and perform any service your vehicle may require.
- Dealership Quality Service-without the added stress and cost.
- It is common knowledge that the factory dealerships are the only authorized factory warranty repair facilities. But it is a common misconception that you must go there for service to maintain the warranty.
- We can service your vehicle while under the original factory warranty and the warranty will remain in force.
- We can also perform extended (non factory) warranty repairs if you purchase an extended warranty after the original warranty has expired.
